Sheringham Nursery School and Children's Centre

East London Early Years and Schools Partnership

About Sheringham Nursery School

Sheringham Nursery School is one of London's leading nursery schools. Based in Newham, East London, we offer 200 nursery places to children aged 2, 3 and 4 years old and were rated Outstanding by Ofsted twice in 2014.

If you are passionately committed to play-based learning in the early years, love spending time outdoors, and you want to make a real difference to children's lives, you should come and work for us. We are a friendly and supportive team, committed to excellence, and offer exceptional opportunities for your continuing professional development.

Sheringham leads the Manor Park Community Children's Centre which offers drop-ins, family support and other Early Help activities for families with babies and young children.

We are a National Teaching School and we co-lead the East London Partnership with Kaizen Primary School. The partnership works with a wide range of schools and early years settings to improve the life-chances of children in East London.

Sheringham is absolutely committed to ensuring that every child has the best start to life, because what happens early, matters for a lifetime. We work closely with parents and with a range of agencies to help children to develop as playful, curious, confident and communicative learners.

Thank you for your interest in our nursery school

Julian Grenier and the staff team at Sheringham
