Services for schools, owned by schools

28 March 2019

Dear Applicant

RE: Head of Governance Services - Recruitment Pack

Thank you for your interest in the Head of Governance Services post.

NPW's governance services are highly regarded by our clients. We currently provide clerking, advisory, consultancy and training & development services to over 100 governing boards in Newham and the surrounding boroughs. Our strong back office team and team of qualified clerks support over 1200 meetings per year and we deliver our wide ranging training and develop programmes to over 1500 participants per year. As the local landscape has changed our services have been developed to support multi-academy trusts from conversion projects to whole trust governance reviews.

We are looking for an experienced governance professional to build on the strengths of the current service and to provide company secretarial support to the NPW group. You will therefore be capable of supporting board effectiveness across school sectors and you will welcome the opportunity to support governance within a private company.

Paul Baglee, the current postholder, is due to retire on 30 September 2019, so we are looking to make an appointment in time for a handover period before he leaves the company. Paul has set aside some time on 10 and 16 April 2019 and will be available to speak to or meet in confidence with prospective candidates on these dates. If you would like to make an appointment please email him at paul.baglee@npw.uk.com

NPW Ltd is a not for profit mutual organisation. We are owned by our institutional members who are largely Newham schools and provide a range of school support services. There is more information about the company on our website at: www.npw.uk.com.

From 1 April 2019 we are launching The Education Space Ltd. This is a subsidiary company and part of the NPW group. It will become the trading arm of the group and provide the right space for innovation and joint ventures. These are exciting times and you can be involved at a strategic level to "prepare children for a world that doesn't yet exist".

Yours sincerely

Anna Crispin

NPW Chief Executive Officer
